

HOW CAN I HELP?

To prepare for 2016, individuals and communities can help in a variety of ways.

- As native advisors with a knowledge of regional matters
- As native medicinal people
- As western medicine people skilled for example in podiatry, chiropractics, and massage therapy for runners.
- As local organizers of layover accommodations in the path of the run
- As highly qualified mechanics for vehicles
- As support personnel at layover locations
- As local or over the road runners
- As contributors of funds and vehicles
- Communities may fundraise to host the runners.
- Fundraise to donate to the general fund

HOW CAN MY COMMUNITY GET INVOLVED?

Peace & Dignity Journeys is a run dedicated to healing our nations. The Journey strives to bring the sacred staffs to as many communities as possible. Communities, be they on reservations or in cities, have many opportunities to participate in the run. The hosting community will be responsible for arranging meals, housing and funding in the time the runners pass through. The participation of the hosting community is also intergrated into the run.

Many communities organize tributary routes that join up with one of the main Peace & Dignity Routes. In this manner, prayers of those communities join their prayers and energies within the run. If your community would like to host the sacred staffs and the runners, or if you would like to organize a tributary run, please contact a regional organizer.
